

Part III Chemistry 2023-24

Start of term arrangements

Wednesday 4th October – Safety Talk & Introduction to Part III Chemistry

Pfizer lecture theatre at 09:00. Safety Talk & Introduction to the Part III Chemistry course. *The Head of Department requires all Part III students, without exception, to attend this talk.*

- Welcome from HoD (Dr James Keeler)
- Introduction to the Part III course (Dr Bill Nolan)
- Part III projects
- Assessment
- Project Safety Talk from Dept. Safety officer (Dr Richard Turner)

Lectures

All Part III lectures will be given **in person**.

The majority of Part III courses will be given in the **Wolfson** or **Pfizer** lecture theatres but due to clashes some courses will be held in the **Unilever** LT or the **Scott Polar** LT. See timetable for details.

Printed lecture handouts will be available at the start of each lecture course and the majority of Part III lectures are recorded, the **recordings** will be available on Moodle.

Supervisions

Arrangements for supervisions will be similar to those in Part II with the lecturer requesting email sign-up after the first or second lecture.

Assessment

Will be by means of **3 hour, in person, closed-book invigilated examinations** held in the Department of Chemistry (same as Part II).

Provisional dates for the Part III exams are during the week commencing **Monday 27th May 2024**
